1 Your Agreement with us

- a. ReNu Energy Retail Pty Ltd (ACN 623 916 138) of Level 1, 9 Gardner Close, Milton Qld 4064 ("**we**" or "**us**") and you, the person set out in the "Customer Details" section of the Customer Details Schedule ("**you**") have entered into this Agreement which covers the sale of electricity to you at your Supply Address as a Business Customer in an Embedded Network.
- b. This Agreement is a market retail contract and is made up of:
 - i. these Market Retail Contract Terms and Conditions;
 - ii. the Customer Details Schedule;
 - iii. the Electricity Pricing Schedule; and
 - iv. the Special Conditions (if any).
- c. These Market Retail Contract Terms and Conditions which form part of this Agreement are our usual market retail terms and conditions for the sale of electricity to Business Customers supplied through private electricity networks in New South Wales, South Australia and Queensland.
- d. To the extent of any inconsistency within the Agreement, the Special Conditions prevail first, the Customer Details Schedule second, the Electricity Pricing Schedule third and the Market Retail Contract Terms and Conditions last.

2 Your Customer classification

- a. If you're a Small Business Customer additional regulatory protections apply to you. Currently, the Regulatory Requirements provide that you're a Small Business Customer for the purposes of this Agreement if:
 - i. in New South Wales and Queensland, you're a non-residential Customer who uses less than 100MWh of electricity per year at a Supply Address under this Agreement;
 - ii. in South Australia, you're a non-residential Customer who uses less than 160MWh of electricity per year at a Supply Address under this Agreement; or
- b. We may still sell electricity to you under this Agreement if you're a Large Business Customer rather than a Small Business Customer, but the additional regulatory protections we refer to in the previous paragraph do not apply to you.
- c. Some parts of this Agreement apply only to Small Business Customers and not to Large Business Customers and where this is the case we have explained this throughout this Agreement. It's your responsibility to tell us if the amount of electricity you use changes significantly. This is because you may change from being a Small Business Customer to a Large Business Customer or vice-versa.

3 The term of this Agreement

3.1 When this Agreement starts

- a. This Agreement starts on the Supply Start Date and continues until you or we end it. For information about how this Agreement can end see clause 3.3.
- b. We will start to sell you electricity on the Supply Start Date which will be the later of:
 - i. the end of the cooling off period;
 - ii. the date your Supply Address is connected by us (or on our behalf) or transferred to us; or

- iii. another date we agree with you,
which is the Supply Start Date.

3.2 Cooling off period

- a. You can cancel this Agreement during the 10 Business Day cooling off period if you are a Small Business Customer. The cooling off period starts on the day that you receive this Agreement and the Customer Disclosure Statement provided to you with these Market Retail Contract Terms and Conditions.
- b. You can cancel during the cooling off period even though you have signed this Agreement or agreed to it over the phone or online. To cancel, call us or notify us in writing of your intention to withdraw from the Agreement. Any notice must clearly indicate your intention to cancel this Agreement.

3.3 When this Agreement ends

- a. This Agreement ends:
 - i. if you give us a notice stating you wish to end the Agreement -subject to clause 3.3(b), on a date advised by you of which you will give us at least 5 but no more than 20 Business Days' notice;
 - ii. if we both agree to a date to end the Agreement - on the date that is agreed;
 - iii. if we cease to have an agreement in place with the owner of the Embedded Network which allows us to sell electricity to you in the Embedded Network - on the date that agreement ends or is otherwise terminated;
 - iv. if you start to buy electricity for the Supply Address from us or a different Retailer (or Exempt Seller, if applicable) under a customer retail contract - on the date the customer retail contract starts;
 - v. if a different Customer starts to buy electricity for the Supply Address - on the date that Customer's contract starts;
 - vi. if the Supply Address is disconnected and you have not met the requirements in the Regulatory Requirements for reconnection - 10 Business Days from the date of disconnection; or
 - vii. if we are no longer entitled to sell electricity due to a Retailer of Last Resort Event.
- b. Rights and obligations accrued before the end of this Agreement continue despite the end of the Agreement, including any obligations to pay amounts to us.

3.4 Vacating your Supply Address

- a. If you are vacating your Supply Address, you must provide your forwarding address to us for your final bill at the same time as your notice under clause 3.3(a)(i) of this Agreement.
- b. When we receive the notice under clause 3.3(a)(i), we must use our best endeavours to arrange for the reading of the Meter on the date specified in your notice (or as soon as possible after that date if you do not provide access to your Meter on that date) and send a final bill to you at the forwarding address you provide to us.
- c. You will continue to be responsible for Charges for the Supply Address until your Agreement ends in accordance with clause 3.3 of this Agreement.

3.5 After this Agreement ends

- a. If this Agreement ends, we will continue to sell you electricity on the same terms as the terms of this Agreement until the first to occur of:
 - i. you enter into a new agreement with us;
 - ii. your Supply Address becomes directly connected to the external distribution network and you do not receive your electricity supply through the Embedded Network; or
 - iii. you transfer your Supply Address to another electricity Retailer or Exempt Seller.
- b. This clause 3.5 and the provisions of this Agreement about privacy, liability, notices, governing law and payment will survive this Agreement ending. Any rights, obligations or remedies that you or we have that accrued before the Agreement ends will not be prejudiced by this Agreement ending.

4 Scope of this Agreement

 - i. your historical metering data where reasonably available to us; and
 - ii. where this is not available, the average usage of energy by a comparable Customer over the corresponding period.
- d. If you are a Small Business Customer and the later meter read shows that you have been undercharged, we will allow you to pay the undercharged amount in instalments, over the same period of time during which the Meter was not read (if less than 12 months), or otherwise over 12 months.

been undercharged in the 9 months immediately before we notify you that you have been undercharged.

- b. Where you have been overcharged by \$50.00 or more, we must inform you within 10 Business Days of our becoming aware of the overcharge and, if you have already paid that amount, we must credit that amount to your next bill if you are a Small Business Customer. However, if you request otherwise, we will comply with that request.
- c. If you have stopped buying electricity from us, we will use our best endeavours to pay the overcharged amount to you within 10 Business Days.

If the test shows the Meter or meter data is not faulty or incorrect or deficient in any material respect, you must pay the cost of the meter test.
